

Mana whenua building vibrant communities

Jonathan Kilgour, Dr John Ryks, Jesse Whitehead

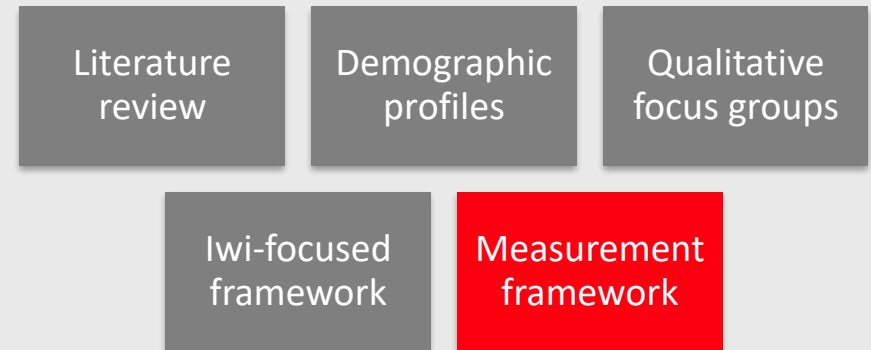

Research objective and questions

- What **structural changes/trajectories** are occurring in specific communities?
- What **types of physical and social infrastructure** contribute to vibrant communities?
- How can **mana whenua aspirations** shape the development of a vibrant community?
- How can these be modelled to enhance mana whenua in Tier 2 communities?

Context and focus

- 2nd tier/ community regeneration
 - Capability approach, reason to value (Sen, 2004)
 - Positive regeneration (Emery & Flora, 2006; Ranis et al, 2000)
 - Regional regeneration (Spoonley, 2016)
- Māori/ mana whenua perspectives
 - Māori as tangata whenua and as sub-population
 - Diversity of mana whenua (iwi/ hapū) dynamics and relationships (Simmonds et al, 2016)
 - Urban migration (Easton, 2018; Belshaw, 1940) and connection to place (Tuan, 1977; Smith, 2004)
